Hilltop Message

2024 is moving fast now!

The long hot summer is over, and even though we are still having a few warm days, football is in the air and the leaves are falling. And, the old Fords are loving the cooler weather.

October was a busy month, first with a good group going on the Fall Cherokee Historical Road Trip to Muskogee and Tahlequah. Followed by a nice Tire Kick at Chief Eaton's Shop in Sapulpa. And, rounding out the month at Layton & Debi's for our Annual Halloween Party, and even though I missed my prediction of nice fire-pit weather it all worked out well and was attended by 33 people for Fun and Food. A Big Thank You to the hosts and organizers for the events.

On a sad note, in October we lost Gail Sinclair, a good friend and long-time member. Most of you had the privilege of working with her through the years on one of her many jobs. Gail will be truly missed and warmly remembered. Our sympathies go out to Jim and to Scott and his family.

November will be busy as well. Voting is currently under way for the new Board Members for 2025, and the New Board Officers will be chosen at the monthly Board Meeting. We get lucky this year – Thanksgiving and our Monthly Meeting/Breakfast do not fall in the same week, So, we Will have a Monthly Meeting on the 23rd, a week before Thanksgiving.

Drive your old Fords and plan to be there!

Gary

OCTOBER PHOTOS

CHEROKEE HISTORICAL ROAD TRIP

At 8:15 on October 5th the Early Ford V-8 Club of Tulsa made their fall road trip to Muskogee and Tahlequah, Oklahoma. The first stop was in Haskell at an old remodeled DX service station where we took pictures of the V8's making the trip.

Then traveling on to Muskogee where we arrived at the Five Civilized Tribes Museum. We were provided with a tour guide that first explained the history of the building which was built in 1875 as a facility for the tribes superintendency. There is a Native American art gallery displaying art of many Five Civilized Tribe heritage.

From there the group traveled to the Red Lobster for a group lunch together to discuss the interesting things and information received at the museum.

Following lunch, we traveled to Park Hill where the Murrel (Hunter) Home is located. This home was built in 1845 in Indian Territory by George Murrell, a wealthy white planter and merchant who married Minerva Ross, the niece of a prominent Cherokee leader John Ross. The building was frequently raided by forces of both the Union and Confederacy. It is the only local home to survive the civil war conflict. The home has been restored to its original stature and was declared a Nation Historic Landmark in 1974. All of the original furnishings have been acquired; except for two pieces which have be located, but the home has been unable to acquire them. In 2018 the home was officially changed to the Hunter Home.

From the home the club travelled one mile away to the John Ross Museum. John Ross was Principal Chief of the Cherokees during the Trail of Tears. The museum is small and there is no charge for admission. The museum gives a close-up look into the life and leadership of this great Cherokee. The museum is housed in a restored 1913 schoolhouse building.

Leaving the museum, we traveled to our hotel for a short nap and at 6:00 PM we will all start gathering in the lobby break room for drinks, snacks and discuss what to do about dinner. The consensus was that we will enjoy the snack as it was a long day.

The following morning the ladies slept in, and the men kicked tires and had breakfast at your leisure. At 10:00 Gayle Ross a master of the age-old craft of Cherokee Indian storytelling and history of the Cherokees spent a little over an hour telling us stories of the Cherokee people.

About 11:30 we all traveled to the Maracas Mexican Restaurant east of town. Then drive through the campus of Northeastern State University. Then travel home, via old highway 51.

Those making the trip were: Jim Ayers and Grandson Brock in Jim's 1956 Ford Convertible, Layton & Debi Dozier in their 1940 Ford Convertible, Doug & Cindy Stackpole in their 1939 Ford Convertible, Jim & Teresa Strode in their 1951 Lincoln and Ralph Johnson in Jim Ayers 1953 Ford Victoria. Those riding in LMV's were Richard & Eunice Stiger, Chief & Peggy Eaton, Rusty Snell and Roger & Jeannie Johnson with trailer for emergencies.

Chief's Tire Kick

If you missed this event at Chief Eaton's in October, you missed seeing one of the most complete collections of auto history from service items, toy cars, signage of products, dealers, restored race cars, race drivers jackets and trophies, unusual car parts, old fans and more. There were 18 folks enjoying coffee and donuts while discussing the size of his collection. One unusual subset was his collection of various car dealer signs attached to each car sold, that have since gone out of business. Truly like being in a museum!

The November tire kick will be at Drew Stout's home of Pontiacs . We will meet at Admiral and Memorial on Saturday November the 9th at 8:30 AM arriving at 2892 W. 510, Pryor Creek, OK at 9:30 AM.

Halloween Party

We had 33 ghosts and goblins ascend on the Dozier Plantation for the annual Halloween Party. Due to extremely dry weather conditions, a burn ban in place, and a campfire that was not feasible, we would like to thank Bob Krah for stepping up and doing a wonderful job cooking hot dogs on the grill; in addition, we had many side dishes and desserts. Games were provided for the kids, and even a '30 Model A' ride for Leon Taylor as a consolation for not getting to sit on the tractor.

Winners were best male costume: Ralph Johnson as the Purple People Eater, Cindy Stackpole as a witch doctor, and best couple Layton and Debi Dozier as a mummy and pumpkin head.

There was a great turnout of old cars for a total of 9 on display including Mike Hollowell in his '35 coupe, Susan and Rob Barr's '36 coupe, Cindy and Doug Stackpole's '39 convertible, Aprille and Bob Krah's '36 coupe, Eunice and Richard Stiger's '52 Victoria, Ilona Snell's '67 Chevelle, and Debi and Layton Dozier's '40 convertible, '52 Chevy, and '30 Model A. Unfortunately, Chad Cox only made it to Coweta before the Pamona Panel decided to host its own roadside seminar. We would like to thank everyone for coming out and making the party a success!!
